

FRAMINGHAM HOUSING AUTHORITY
HAZARDOUS SUBSTANCE DISPOSAL PROCEDURE

JULY 16, 2001

INTRODUCTION:

The Framingham Housing Authority from time to time uses minimal hazardous materials in the maintenance of public housing units. Paint, drain cleaner and other materials are generally fully consumed on various projects. In a few circumstances substances may be disposed of; primarily paint thinner and mineral spirits.

PROCEDURE FOR DISPOSAL:

All hazardous substances requiring disposal shall be placed in metal one-gallon containers, clearly marked with name of the substance, and delivered to the Town of Framingham Dept. of Public Works for proper disposal by the town.

TRAINING:

The Framingham Housing Authority shall periodically hold in-service training for employees in the proper disposal of hazardous substances
